### CAREER OBJECTIVE:

As seen from my education background, my target in career was to work for an international company. I thought myself in this way with all the aspects, like law and business. It is already time to apply the skills, experience and knowledge that I gain. Moreover, I feel absolutely motivated and ready to give my best to the company, where I will start to work.

In addition, I can make you sure that I am really experienced in team work and good in social relations. Furthermore, I am not afraid of any kind of exams or checks of my knowledge and skills. I am ready to prove myself in workplace and hope you will appreciate my application in a positive way.
